 Cllr A Brown NCC reported that there had been a budget overspend of £18M in this financial year, and a potential overspend of £27M next year. This is largely due to the increasing cost of adult social care. As a consequence, services are under threat as central government continues to cut back on funding. He feels that Northamptonshire is unfairly treated, and other regions receive far more funding per person. Buses serving Heyford should not be affected as they are no longer subsidised. Grit in grit bins will now be charged for, although road gritting will not – but road gritting will be further cut back. AB is particularly unhappy at the library cuts, and the probable loss of the mobile library. There is also a possibility of an Unitary authority being brought into being.
 Cllr AB would check on whether the promised speed control measures on Heyford Lane near the Flore turn was being implemented.
